

CDC Interim Guidance for Healthcare Facilities

Crum & Forster greatly values our healthcare customers and their dedication to provide services to those in need. Information is key to the development of emergency preparedness programs. The following Centers for Disease Control and Prevention (CDC) link directs you to Resources for Clinics and Healthcare Facilities available on their website. <https://www.cdc.gov/coronavirus/2019-ncov/healthcare-facilities/index.html>

Resources for Clinics and Healthcare Facilities

 See CDC's [strategies for optimizing the use of eye protection, isolation gowns, facemasks, and N95 respirators.](#)

Public Health Reminder

Healthcare facilities and clinics should prioritize urgent and emergency visits and procedures now and for the coming several weeks. The following actions can preserve staff, personal protective equipment, and patient care supplies; ensure staff and patient safety; and expand available hospital capacity during the COVID-19 pandemic:

- Delay all elective ambulatory provider visits
- Reschedule elective and non-urgent admissions
- Delay inpatient and outpatient elective surgical and procedural cases
- Postpone routine dental and eyecare visits

[Tools](#) and resources exist as part of healthcare system preparedness plans and are often referred to as Pandemic Plans. Consult your state or local health department about specific plans for your community.
