RISK ENGINEERING
CONTRACTORS

Crum & Forster Risk Engineers partner with you to benchmark and mitigate construction related risks. Services range from resource and training portfolios and discounts to customized services plans. We want to become a member of your team, contributing to your success.

Customer Commitment

- A dedicated resource for your team
- Experienced, consultative approach
- Aligns with your business objectives and culture
- Proactive loss prevention that protects your productivity and profitability
- Client focused stewardship process that actively engages the policyholder and broker
- Custom service plan development

Resources

- OSHA "Focus Four" safety programs
- Comprehensive job site evaluations
- Construction safety meeting and program support
- Comprehensive Risk Improvement Service Plans, including:
  - Fall prevention assessment
  - "Safe from the Start" fleet accident reduction program
  - Silica compliance programs
- SafetyFirst, a safe driving 1-800 banner program with free subscription
- VerizonConnect, Azuga, Rosco Vision, and LYTX – GPS and dash camera discounts
- Free Training Network Now video portal – over 600 safety and safe driving titles
- Free Toolbox Talks and safety programs
- ClickSafety interactive training discount, including OSHA 10 and 30 hour

An effective loss prevention program benefits a company's bottom-line. Every incident avoided eliminates direct and uninsured costs and contributes to holding down premiums over time. More importantly, it also keeps your most important assets – your staff, your customer, and your brand – safe.
